**Petition Under 37 CFR § 1.10(c) or § 1.10(d) To Correct "Date-In" and Remove Notice of
Abandonment**

Dear Sir:

This is in response to the COMMUNICATION and NOTIFICATION OF ABANDONMENT ("Communication") received by the PCT Legal Office, wherein the above referenced application was deemed abandoned on 11 January 2000 for failure to pay the basic national fee, 30 months from the priority date. Per our discussion with the Petitions Attorney, Mr. Anthony Smith, we are filing this petition under both 37 CFR §§ 1.10(c) or 1.10(d) to amend the "date-in" to reflect the actual date that the undersigned deposited with the United Postal Service Express Mail under 37 CFR § 1.10(a) the application and requisite national fee.

As demonstrated herein, all papers and fees were timely filed. Accordingly, we respectfully request that the Notification of Abandonment should be withdrawn.

The Communication correctly indicated that the deadline for payment of the national phase entry fee was January 8, 2000. This date fell on a Saturday, permitting us to file the required documents and fee on Monday, January 10, 2000 if submitted by Express Mail on that day. The following documents and remarks are included to demonstrate that the appropriate procedures were followed, and that the "date-in" should read January 10, 2000, not January 11, 2000.

Document 1

This document displays the postcard carbon [top panel], and the receipt postcard stamped and returned by the PTO [bottom panel].

[Top Panel] The filing date, on the second line from the top, on the left, indicates the entry deadline of January 8, 2000. The carbon shows the *incorrect* actual mailing date of January 8, 2000. It should have been January 10.

[Bottom Panel] The return postcard is shown to been corrected upon receiving it from the PTO. Thus it was changed from January 8 to January 10. The PTO stamp indicating receipt on January 11 is clearly shown. The change of date to January 10 was based on my good faith belief that the filing date would be the date I deposited the materials with the Express Mail. This was January 10.

In addition, the documents filed that day are listed. These include, *inter alia*, the Preliminary Amendment shown below.

Document 2

This is the cover page of the Preliminary Amendment that was deposited in Express Mail on the date indicated in the Express Mailing Certificate. This date is clearly January 10, 2000. Also note that the Express Mail receipt number is the same as shown in Document 1 above.

Unfortunately it has not been possible to produce a copy of the receipt itself for three reasons. First, the Post Office does not keep a record of the Express Mail receipts for more than 6 months. As we are more than 8 months from the mailing date this receipt is now "lost" in the postal system. We have attempted to call their toll free number at 1-800-222-1811, but have been told they cannot locate this receipt. In addition, the local postal facility where the document was mailed, Roseland, NJ was phoned at 973-226-4320. We were informed that if the Express Mail label was not purchased and used immediately, at the postal counter, they would not have retained records of the transaction. Because our law firm stocked these labels in bulk and pre-paid the postage, this was not how we accessed the Express Mail system. Therefore it is not possible to produce a copy of the receipt, or obtain any official notice from the post office.

In addition, I left the law firm of Friedman & Siegelbaum LLP several months ago, and did not bring the file with me. This file was recently sent to me to after Friedman & Siegelbaum LLP, had disbanded. It is therefore with deep regret that we cannot formally satisfy the requirement of CFR § 1.10(c)(3). We respectfully request that the Petitions Attorney afford the following documents probative value in supporting our position that we had indeed mailed the above mentioned papers on January 10, 2000.

Document 3

This is a copy of the check stub issued by the Friedman & Siegelbaum financial officer. Please note that the amount for which the check is made is exactly the same as that appearing on the postcard

and carbon. Also, and most important, the check's issue date was January 10, 2000. Though not proof of when it was mailed, it is entirely consistent with the preparation and "dating" of all documents to be sent out together.

Document 4

A client letter, dated January 13, 2000. This letter informs the client, inter alia, of the filing of the application in the PTO on January 10, 2000. It would be unethical to knowingly mislead and misinform a client of their application's filing date. It would also make myself a liability to any firm in which I practice. It is significant, therefore, to emphasize that there have never been such charges leveled against me since I have joined the patent bar.

The most obvious explanation for informing the client of a January 10 filing date, is that I in fact deposited these materials on January 10, 2000 at either an Express Mail drop box or the post office. As a result, I conducted my affairs with the good faith belief that this was indeed the correct filing date.

It is stated in § 1.10(d)(3) that evidence that came into being within one day of the correspondence to support such a mailing date, should accompany the petition. Document 4 came into being 2 days beyond this deadline. I respectfully request that the Petitions Attorney, Legal Examiner, or Assistant Commissioner allow consideration of this document to the extent necessary to satisfy the requirement in paragraph (d)(3).

Documents 5A and B

Document 5A is a response to a Notification of Missing Parts that the PTO mailed on March 21, 2000. Our response is one of several documents in our possession indicating that the prosecution of the application continued under the good faith belief that the filing date was January 10, 2000. To reiterate, such a belief can only have resulted from my deposit of the application papers in Express Mail on January 10, 2000.

Document 5B, is a copy of the Information Disclosure Statement executed on Form PTO-1449.

It is clear that in preparing both client and PTO correspondences, we relied on the good faith belief that the application and preliminary amendment and basic national fee was deposited by Express Mail on January 10,2000.

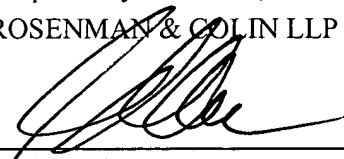

Conclusion

It is respectfully suggested that above referenced documents and remarks are made in good faith and are sufficient to establish that the correct "date-in" of the national phase application 09/462,717 and fee is January 10, 2000.

If the Petitions Attorney feels that personal discussion might be helpful in resolving this issue, he is invited to telephone the undersigned.

If there are any fees required for considering this petition, please charge them to Deposit Account number 50-1290
